A NOTE FROM OUR FAMILY

Welcome to India. Welcome to *Rosa Travel.*

Our story began on the road between Delhi, Agra and Jaipur. For more than twenty-five years, our father drove and guided international travellers across North India — and guests remembered him not as "the driver", but as a friend who shared stories, kept them safe and invited them home for a cup of tea.

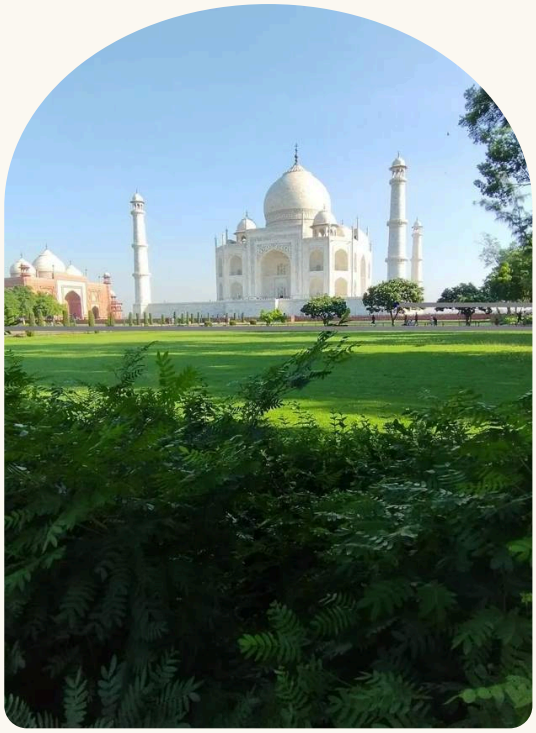

Today we carry that legacy forward. Rosa Travel is a licensed tour operator with its own office in Agra, approved guides, our own cars and drivers, and a small team of travel planners.

Whether you have one day for the Taj Mahal or three weeks for Rajasthan, we plan your journey the way we would plan it for our own family: private, unhurried and honest.

We look forward to welcoming you.

OUR STORY

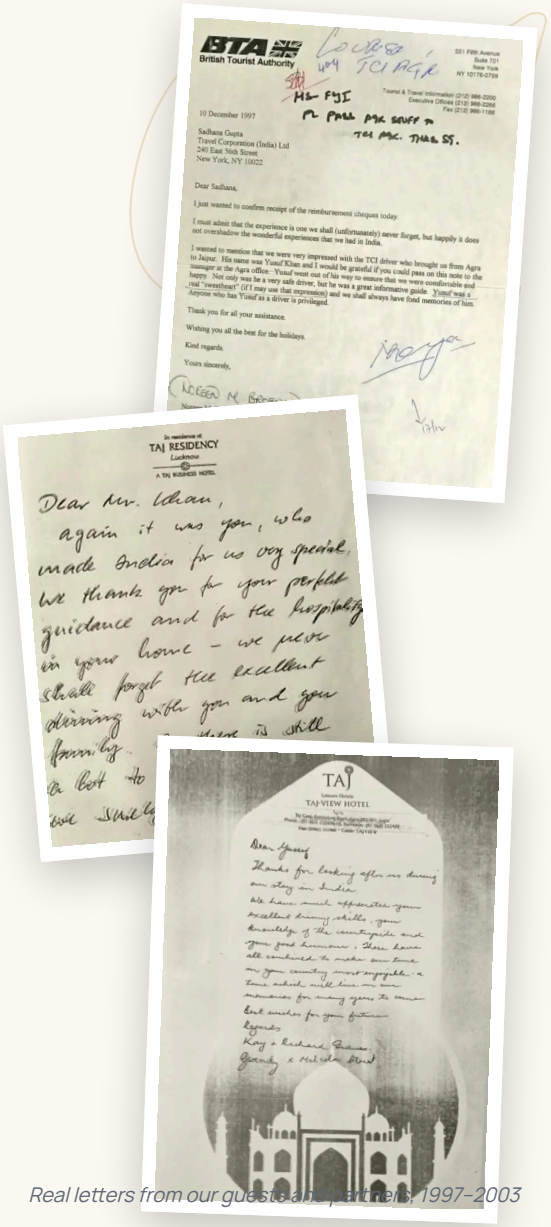

One road, one family, *three decades.*

The story of Rosa Travel begins with one man and the road between Delhi, Agra and Jaipur. **M. Yusuf Khan** spent more than 25 years with Travel Corporation of India (TCI), one of the country's best-known tour companies, driving and escorting international travellers across North India.

He was never "just the driver". Guests remember his careful driving, his stories about the monuments and villages they passed, and the cup of tea at his family home in Agra that many of them still write about.

His son carried that legacy forward and built the company you see today: a fully licensed tour operator with its own office in Agra, a team of approved guides, professional drivers and travel planners.

The idea has not changed in thirty years: **treat every guest the way you would want your own family to be treated in a new country.**
